

When you find yourself lonely but right next to me

F#

Well I was there too

F#

Just as lonely as you

F#

But we found their heads down below

E **C#m** **G#** **A**

I can't make no sense of this

E **C#m** **G#** **A**

F# **E** **C#m**

And when the sunrises, yeah

B

I'll stay warm forever

E **A** **C#m**

Many have come before, many have been

A **E**

Where will we be when will it end

A **C#m**

Many have come before many have been

A

Where will we be

F#

F#

We spit from the moon

F#

And found their heads down below
