

Ulitin

Pot

P.O.T.- Ulitin

-Well, another one from my archive of tabs. Enjoy dudes!

-All of these are, of course, barred chords.

Standard tuning: EADGBE

Intro, Verse and Chorus:

=====

Bb C D

-Just keep strumming these chords. However, the strumming does change slightly at parts, mind you.

Bridge:

=====

Bb~~~ C~~~

e		-5-3-2-3-4/6-7/9-7-5-3-1	-----
B		-5-3-2-3-4/6-7/9-7-5-3-1	-----
G		-----	-----
D		-----	-----
A		-----	-----
E		-----	-----

Solo:

=====

Bb C D

This is still the chord progression for this part. I decided to scrap my tab of the solo since I can't accurately transcribe it due to my not having an electric guitar yet.

Outro:

=====

The chord progression goes:

Bb C Bb D C Bb

End with C.

That's it!
