VERSE

D G A
When I was young, spent my time just dreaming
D G A
Moving on to find a better life.
D G A
Seen enough of sorrow to last me all my days
D G A
Heard enough of how it doesn't have to be that way.

PRE-CHORUS

G Bm A
All I ever wanted was to keep the dream alive
G Bm A
All I ever needed was someone to be my guide.
Em A Bm G
How was I to know where the road of life would go
Em G A
Could I make the journey on my own?

CHORUS

D Bm A
We're all Children of the Dream
G D
That lives in us unseen
F#m G A
Forever young.
D Bm A
We're all Children of the Dream
G Em
Wherever we may be
G Bm
Forever dream.

INTERLUDE (riff INTRO x2)

VERSE

As I grew up, start to see how life goes
Reality that childhood has to end.
Funny how those teenage years seem long but pass on by
Funny how the memories resemble someone else's life.

PRE-CHORUS

All I ever wanted was to keep the dream alive
All I ever needed was someone to be my guide.
How was I to know where the road of life would go
Could I make the journey on my own ?

We re all Children of the Dream
That lives in us unseen
Forever young.
We re all Children of the Dream
Wherever we may be
Forever dream.

All is lost, innocence is gone forever

Hope the dreams will never end.
