

**Taxi To Heaven**  
**Pray for Rain**

If you've seen the movie Sid and Nancy you'll notice this song. It's in the end when the taxi drives off in the horizon. There are only two major chords the rest is synthesizer and violin and shit like that.

I'm not 100% sure if it's

**E**            **A**

or

**E**            **G**

or

**Em**         **A**

All I know is that there's two simple chords.

R.I.P. Sid Vicious and Nancy Spungen Vicious
