Prefab Sprout

Lions in My Own Garden (Exit Someone) (1982)
(McAloon)

The beautiful debut by one of my favourite bands:
Prefab Sprout's first single.

This tab sounds pretty original. That is because it is mostly a transcription of a tab by the songwriter Paddy McAloon himself:

The original is not very readable, so I tried to improve it in this respect and added some notes to the chords to make it sound good when played alone without a band.

The song has been reissued on: "38 Carat Collection".

CHORDS/SPECIAL VOICINGS

I had to give names to some of these chords which was not always easy, as they are rather idiosyncratic. Who has got better ideas? I'm open for suggestions.
