

Never Come Down
Pretty Violet Stain

A#m C# F#
I heard you cried the day
A#m C# F#
Dylan went rock and roll
A#m C# F#
The Rolling Stone lost his soul
G#m B
It's Blowin' in the Wind?
A#m C# F#
I heard you moved away
A#m C# F#
With some Uni friends
A#m C# F#
Built a city in a tree
G#m B
And talk to flowers
G#m B
Gone for hours

C# B
And we live so high we might
F# C# F#
Never come down
F# C# F#
Never come down

A#m C# F#
I got a nine to five
A#m C# F#
Bought a brand new car
A#m C# F#
I take the kids to church on Sunday
G#m B
And bet on football
A#m C# F#
And how the years go by
A#m C# F#
Right before your eyes
A#m C# F#
Live a lifetime in a day
G#m B
Until the next one
G#m B
Where I'll be someone

C# **B**
And we live so high we might
F# C# F#
Never come down
F# C# F#
Never come down

G#m **B**
Sing a song for the new generation now
G#m **B**
Make it short 'cause we're tired of hanging around
G#m **B** **G#m** **B**
Cut a highway right through the heart of disco town
F# C# F#
And we'll never come down
F# C# F#
Never come down

C# **B**
And we live so high
C# **B**
We might never be this high again
F# C# F#
We'll never ever come down
F# C# F#
Never come down
F# C# F#
Never come down
F# C# F#
Never come down
