

If They Move Kill Em
Primal Scream

Album: Vanishing Point

Bassist: Marco Nelsen

Comments: Extremely simply but effective. Good tune if your band wants to stretch out into dance/jazz/funk jam. It s wide open for improve as well. You reat on the 4th beat, which is a good place to toss in a few fills. The title comes from a line uttered by Pike in The Wild Bunch during the opening bank robbery, BTW.
