There s a time to remember

**D**

A time to forget

**A**

The world out there

Just shoot her down

**D**

No time for the quit

(Follow this pattern for the rest of the verse)

**A**

**D**

It s alright, it s ok

**A**

You can do

**D**

Just what you want to

**A**

Take your time

**D**

Walk away

**A**

You can come back

**D**

If you re supposed to

And this alternation carries through the entire song, chorus, verse and oe-la-las,  
except the bridge, which goes:

**Em**

**D**

Many times all alone and you wouldn t die

**A**

And you cry

**E**

And you cry

**Em**

Walk it down, down the streets

**D**

No-one to speak

**A**

And you cry

**E**

And you cry
