

Swastika Eyes
Primal Scream

Album: XTRMNTR

Bassist: Mani

Comments: This song is a fine example of what a live bass player can do with a techno tune. I haven't tabbed out the jam that comes at the end of the song. Essentially he is playing off of the fills he's used during the rest of the song with some slides thrown in. It's also wide open for improv, so shall let you do with it what you will.

Verse:

G*-----*-----*

Play both riffs one after the other and as many times as needed.
