Album: All Or Nothing  
Prime Circle  
Consider Me

Standard Tuning

**D** **Bm**  
Do you know who youâ€™re friends are and what they say  
**G** **A**  
Do you know whatâ€™s coming round again and again?  
**D** **Bm**  
Do you know if youâ€™re acting like someone else?  
**G** **A**  
Do you know if itâ€™s dangerous or the safest bet?

**D** **Bm**  
Cause Iâ€™m here waiting for  
**G** **A**  
Iâ€™m here changing more.

Chorus

**D** **Bm** **G**  
Consider me, consider you, consider the world  
**A**  
And what we put it through

Is it always the same or just moving along?  
Do you have to put that face up to act strong?

**D** **Bm** **G** **A**  
And I canâ€™t take anymore, but Iâ€™m here, Iâ€™m here, Iâ€™m here.

Chorus

Consider me, consider you, consider the world  
And what we put it through  
Consider me, consider you, consider the world  
And what we put it through

**D** **Bm**  
Iâ€™m here waiting for, something better just to come along

**G** **A**  
Iâ€™m here waiting all this time, waiting for the world  
To change itâ€™s mind.

**D** **Bm**  
Iâ€™m here waiting for something better to come along

**G** **A**  
Iâ€™ll take a chance on you, you take a chance to

Chorus  
Consider me, consider you, consider the world  
And what we put it through

Iâ€™m here waiting for, something better just to come along  
Iâ€™m here waiting all this time, waiting for the world  
To change itâ€™s mind.
