This is my favorite Prince song.

The version I have heard segues into All My Dreams - which is a pop master piece in it s own right. It s up there with Good Vibrations , Day In The Life , etc.

The lyrics are different in this version than the one released.

It also has less production and sounds a lot rawer

This song is bluesy with swing feel.

Preformed on piano on the record but sounds good on guitar as well.

Tuning: Standard - E A D G B e
