I don t play the bass, just a little bit guitar.
So these tabs are just simplified guitar tabs,
and the rythm might as well be incorrect.

As Peach is is quite easy to play.

Verse (repeat the following):

```
|> G -----  
|> D -----  
|> A -----2----  
|> E -2----2---2-----  
      When you were mine  
|>  
|> G -----  
|> D -----  
|> A -0---0---2-----4---2-----  
|> E -----2-----  
      You were kinda my best friend
```

Sorry I can t make up the chorus now, I may try
to find it tonight.

David.
