I don't play the bass, just a little bit guitar.
So these tabs are just simplified guitar tabs,
and the rythm might as well be incorrect.

As Peach is quite easy to play.

Verse (repeat the following):

```
|> G -----  
|> D -----  
|> A -----2----  
|> E -2----2---2-----  
        When you were mine  
|>  
|> G -----  
|> D -----  
|> A -0---0---2-----4---2-----  
|> E -----2-----  
        You were kinda my best friend
```

Sorry I can't make up the chorus now, I may try
to find it tonight.

David.
