Very nice song here, got the chords part from win-ams (Thanx man!)
Just worked on the intro part to make it more perfect.

[Intro]

(as a solo)

```

```

[Intro]

(as chords)

```
| D | % | % | % |
| D | % | Bm | G |
| Bm
```

[Verse 1]

```

          A                      G                      Bm
The fading light of day lingers on your sleeping face
          A                      G                      Bm
My lover s lullaby lately lost its tender grace, uum uum
```

Somewhere in your dreams tonight

```
A                      G                      Bm
let my lips come close to you and hold me tight
```

After all I hardly bear

```
A                      G
to turn my back to loving arms and leave you there
```

[Chorus]

```
D                      A                      Bm
```

Baby I, I won't forget you and I won't regret you

G

D

I won't forgive you anymore, no more

[Verse 2]

A

G

Bm

We said our first hello beneath a blue umbrella sky

A

G

Bm

A simple moment shared by strangers who were passing by, no no

A

People say when you're in love it seems as if

G

Bm

tomorrow almost never comes, no never comes

After all your loving touch

A

G

D

through my eyes of love to me it means so much and that's why ...

[Chorus]

A

Bm

I won't forget you and I won't regret you

G

D

I won't forgive you anymore, no more

A

Bm

G

D

I won't forget you and I never let you ooh anymore, no more

[Chorus]

A
