IN A TREE - Priscilla Ahn

Tabbed by: Erik Silkensen

Email: erik.silkensen@gmail.com

Tuning: Standard

Capo VI

Notes: I m not sure how accurate this is / or if all the chord names are correct...it s a start anyway! She does a Travis-style finger picking that I think you can probably figure out, walking up and down to some chords with occasional hammer-ons (though the last chorus is strummed). Of course any comments / corrections are appreciated!
