Album: Songs To Burn Your Bridges By

I ve done 2 tabs, one for Oblivion and one for Your Heroes are Dead. I was 95% sure on but I m not so sure with this

one, but it should help you get an idea of what the song is like.

1. Intro riff...the main riff...the pre-chorus and post-chorus riff. It s played alot. simple. It s played 2 times, then

there is a open palm mute/harmonic, then it s played as Andrew comes in with the vocals.

```

A)--0--2--3--5--8--7--0-|
D)--0--2--3--5--8--7--0-|

```

2. The Verse. I m pretty sure the notes are right, but the guitar sounds different after octaves. If anyone has any clue

on the effect that is used to get the sound, feel free to let me know.

```

3. The Chorus

D)--0-0-0-0-----3-3-3-3-----0-0-0-0-----3-3-3-3-----|

```

4a. The Bridge thing. Another piece in question. Parenthesis = Palm Mute. In old

school  
fashion, he slowly lets off on

the palm mute as it progresses.

- e)-----|

- G)-----5-5-5-5-|
- D)-----x-x-x-x-|
- A)--(5-5-3-3--5-5-3-3--5-5-3-3)--3-3-3-3-|
- D)-----|

4b. The hammer on is played several times...too many to tab.

- e)-----|
- B)-----|
- G)-----14-14-14-14-14-14-14-14--15-15-15-15--17-17-17-17-|
- D)-----x--x--x--x--x--x--x--x--x--x--x--x--x--x--x--x--|
- A)--12h13----12-12-12-12-12-12-12-12--13-13-13-13--15-15-15-15-|
- D)-----|

5. There is a little piece that is played before the last chorus. The main riff is  
like 3 times, only on the low D

string, and then this is played:

- e)-----|
- B)-----|
- G)-----|
- D)--3-3-3-3-3-3-5-5-----|
- A)--3-3-3-3-1-1-3-3-----|
- D)--3-3-3-3-----|

I think that s it.
