G

One night whilst driving

Across a county border

I was alone

D

All by myself

G

I missed the turning

And slipped the wheel

Now it s too late

My life is gone

Into your arms lord

I lay me down lord

I rest my soul

D

In your warm breast

G

And if my time dear

On earth is done

I will be done

I will be done

I see you waiting

For my returning

Out on the steps

D

Of our first home

G

But you won't see me

Although I see you

I am gone

I am home

Into your arms lord

I lay me down lord

I rest my soul

D

In your warm breast

G

And if my time dear

On earth is done

I will be done

I will be done

I've had a good life

Sometimes uncertain

With its own trials

D

I've done my best

G

But now it's over

I know I'm found dear

At peace I lay

Me down to die

Into your arms lord

I lay me down lord

I rest my soul

D

In your warm breast

G

And if my time dear

On earth is done

I will be done

I will be done

I will be done

I will be done
