

The Black River Song Psychopunch

G C G C D
Slowly I fall with the rain & the future looks grim once again
Em C G D
Bottles and pills Iâ€™m up on the hills
C D G
Stuck with a ball and a chain
G C G C D
This city is so obsolete the drunks they fuck up on the streets
Em C G D
But thatâ€™s the way it goes when youâ€™re down in VÃ¤sterÃ¥s
C D G
Sick of life ainâ€™t that a treat

Em C
Straight out of nowhere itâ€™s coming on fast
G D
I sit here and wonder how long will it last
C D Em
Some of my best friends are gone
C G D
And the others donâ€™t know where they belong
Em
So light up the sky the beat must go on
C
Raise my glass for the black river song
G C D
And drink all my problems away
C D G
Tomorrow is just another day
G C G C D
Lonely & hammered at night and true love is way out of sight
Em C G D
A broke working class will shove it up your ass
C D G
But I know it wonâ€™t make it alright

Em C
Straight out of nowhere itâ€™s coming on fast
G D
I sit here and wonder how long will it last
C D Em
Some of my best friends are gone
C G D
And the others donâ€™t know where they belong
Em
So light up the sky the beat must go on
C

Raise my glass for the black river song

G **C** **D**
And drink all my problems away

C **D** **G**
Tomorrow is just another day

G **C** **G** **C** **D**
Let the punishment finally begin for a life I traded for sin

Em **C** **G** **D**
Yeah, I sure paid the cost for a love that I lost

C **D** **G**
Strung out with a bottle of Gin

Em
So light up the sky the beat must go on

C
Raise my glass for the black river song

G **C** **D**
And drink all my problems away

C **D** **G**
Tomorrow is just another day
