

All Because Of You
Puffy AmiYumi

E **â€** **B** **â€** **C#m** **â€** **A**
What the hell happened to me
I ve become such a mess
I m a walking disaster
On a road full of stress
You got all that you wanted
You got the good part of me
And I m getting kind of dizzy
From this crazy disease

C#m **â€** **G#m** **â€** **A** **â€** **B**
So get me a doctor
I need a repair
I m pushing my limits
And pulling out my hair

A **â€** **E** **â€** **B**
And it s all because of you
A **â€** **E** **â€** **C#m** **â€** **B**
I just run into walls and trip over my shoes
F#m **â€** **A** **â€** **E** **â€** **B**
I get up, I fall down, every time you come around
A **â€** **B**
I m not cool
It s all because of you
It s all because of you

E **â€** **B** **â€** **C#m** **â€** **A**
You ve got me spinning like a record
That s already worn out
And I m kicking and I m screaming
And repeating myself
I gotta hold myself together and not fall apart
If it s gonna be forever tell me where do I start

C#m **â€** **G#m** **-A** **â€** **B**
So send me a signal
Up in the air
You re pushing my buttons
I m pulling out my hair

A **â€** **E** **â€** **B**
And it s all because of you
A **â€** **E** **â€** **C#m** **â€** **B**
