

Unimaginable

Puggy

D A Bm G A x2

D A Bm G A
You told everyone before the night would fall
You could turn the moon into sun
You made up everything like it couldn t be bought
And they believed in all that you sang

D A
Well, it s unimaginable

D A
Yes, it s unimaginable

Bm
All that you say

A
In every way

G
All that you do

G A
Is everything they want from you

Well, it s unimaginable
Yes it s unimaginable
All that you knew
All that you do
Nothing is true
And it s everything they ll ever want from you

You gave them everything
Before the rain could fall
And they keep it all in a song

So you saw what they were thinking
And what you thought was anybody s guess
Cause everyone knows that everything owes
To anything loads of better days

Well, it s unimaginable
Yes, it s unimaginable
All that you say
In every way
All that you do
Is everything they want from you

Well, it s unimaginable
Yes it s unimaginable
All that you knew

All that you do

Nothing is true

And it s everything they ll ever want from you[x2]
