There was no need to be afraid

Oh, you ve got such a beautiful body

Oh, you ll make such a beautiful body

I smoke these yellow lit cul-de-sacs at night

You hear my foot step on your bedroom stair
And I will take the first boy in every house in town
I ll take your sisters and I ll lay them down
I ll lay them down tonight

A father (father)
Brother (brother)
The wind (the wind)

Those girls (girls)
I ve come into town (town, town)
