Intro : **F G# C# C** x2

Verse :

Fm

Give me the city

G#

Give me the sea

C# C (Bb G# G)

Give to me everything I need

Fm

The future is shining

G#

Like a giant metal beast

C#

It shines so bright tonight

C

With its legs open wide

Chorus :

(Bb G# G) Fm

And love is blind

G#

Falls in love with itself again

C#

Like it never should

C

The way it always can

(Bb G# G) Fm

And she is mine

G#

But the world is much bigger now

Oh tell me:

C#

Should I hold her hand, and give her love

C (Bb G# G) Fm

Or take her home and throw it far away?

Oh and now is the time

To jump into it all

I ll just hold my note

And try not to fall

To seek and to find

Stead of walking around

With eyes glued to the sky

I turn them down to the ground

Oh and I used to think

That maybe one day I d find the love of my life

Oh but it s so far away

Oh I don t know why

Oh but I

I want it all tonight

And love is blind

Falls in love with itself again

Like it never should

The way it always can

And she is mine

But the world is much bigger now

Oh tell me:

Should I hold her hand, and give her love

Or take her home and throw it far away?

We held hands and we looked out of the bedroom window.

We could see all the buildings collapsing around us,

so we kissed, and we laid on the bed,

and we waited for the ceiling to fall in.

But it never did. In the morning it was all still there:

the spilled milk and the dog turds,

in that grey ashtray morning light.

I could hear thousands of people,

and they were all singing this song:

La na na na na

Hey butcher!

Hey, butcher, what s your name?

Oh hey butcher, what s your game?

Oh you take all their love
And you suck out their eyes
And then you rip out their hearts
And you eat their insides
Yeah, then you just walk away
With a smile on your face
Hey butcher, hey butcher:
I ve seen your face before

Oh, la
Na na na na na na na
La na na na na na na na na...

And love
is
blind.
