G

you know sometimes
when we re lying together
and I know you re asleep
I can hear the soft sound of your breathing
so I get up
and I go to the window
outside I can see all the houses
curtains shut tight against the night
asleep beneath the rooftiles
and as I stand there I wonder
I wonder how many more times
I m gonna come here
I wonder how many more times
I m gonna lie here
But most of all
Most of all I wonder
I wonder what it means

Riff (**G Bm Gmaj7 Bm**)

I just wonder what it means

So I woke her
and we went walking through the sleeping town
down deserted streets
frozen gardens grey in moonlight
fences down to the canal
creeping slowly past the cooling towers

deserted factories
looking for an adventure
I wandered the streets calling your name
jumping walls
hoping to see a light in your window
let me in
let me come in
let me in tonight
oh, I see you shivering in the garden
silver gooseflesh in the moonlight
oh, she s balancing
there are so many others
with unbroken eyes
no cellulite afternoons
and she is balancing
balancing on the edge of ugliness tonight
she s balancing
Good God!
