

You're a Nightmare

Pulp

F **Dm** **G** **C**
All day / I m doing fine / cos there are things / to pass the time

F **Dm** **G** **C**
Smoke a cig / and drink some tea / watch a programme / on TV

F **Dm** **G** **C**
I just don t care where you are now / cos I m sorted out, and how

F **Dm** **G** **C**
I ve got it all set up you see / But when I close my eyes it happens to me

F
You re a nightmare /

Dm
and you ve made it all wrong

G
You re a nightmare to me

C
Oh hoh /

F
You re a nightmare

Dm
oh and I just can t see

G
why you should keep on

C
happening to me oh yeah / aah /

Well it stopped some time in May / whilst you were still away
Was I in bed or on a bus / doing something pathetically ridiculous?
I never noticed it at first / But when you came back it got worse
It s the idea of you, you see / when I close my eyes it happens to me
Oh you re a nightmare / and you ve got it all wrong
You re a nightmare to me / Oh hoh / You re a nightmare
and I just can t see / why you should keep on / happening to me

You re a nightmare / and you ve got it all wrong
You re a nightmare to me / Oh hoh / You re a nightmare
and I just can t see / why you should keep on

happening / happening to me / Oh oh oh

And there were hotel bedroom birthdays / sleep in factory hallway
I remember always Yeah there were hotel bedroom birthdays
and sleep in factory hallway / I remember always
Why do you keep on / hanging round
Can t you see it gets me down?
Because when I look at you I see / somebody I just don t want to be

Oh woh you re a nightmare / and you got it all wrong
You re a nightmare to me / Oh hoh / You re a nightmare
and you just can t see / why you should keep on / happening to me

You re a nightmare / and you ve got it all wrong
Yeah you re a nightmare to me / Oh hoh / You re a nightmare
and I just can t see / oh why why you should keep on / happening to me

You re a nightmare / and you ve got it all wrong
Oh you re a nightmare to me / Oh hoh / You re a nightmare
oh and I just can t see / why you re / why you re

you re always hanging around / you re always hanging round
You re always hanging around / You re always hanging round
You re always hanging round / You re always hanging round
you re always hanging round / You re always hanging round.
