To be campin out
```

```
On my back porch?

```

In the suburbs

[Bridge]
E                     C#m
And even when I try
              G#m
I can t recall
          B                E
Faces of, anyone at all
                C#m               G#m
And I dreamt of you in Montreal
              B               E       E6
In places I ve never been at all

C#m                             G#m
This isn t what I was hopin  for
                B               E
I barely ever dream about you anymore

When everything you want has come and gone
