

Nevermore
Queen

Intro: F

There s no living in my life anymore.
The seas have gone dry and the rain stopped falling.
Please don t you cry anymore
Can t you see
Listen to the breeze, whisper to me please
Don t send me to the path of nevermo - o - ore.

Even the valleys below, where the rays of the sun were so warm and tender
Now haven t anything to grow
Can t you see
Why did you have to leave me,
Why did you deceive me
You send me to the path of nevermore
When you say you didn t love me anymo - o - ore
(Ah - Ah)
Nevermore,
Nevermore.
