

Villains Of Circumstance
Queens Of The Stone Age

Am **C**
I miss you now, what s come over me
G **E**
We re hostages of geography
Am **C**
The wait is long, and heavy too
G **E**
Despite what you re acustomed to
Am **C**
I know life moves on, that s what scares me so
G **E**
Have no intentions, of letting go
Am **C** **G** **E**
Only us, no one in the world
Am **C** **G** **E**
Only us, no one in the world

(**Am** - **C** - **G** - **E**)

Am **C** **G** **E**
I better do something, move earth and sky
Am **C** **G** **E**
And patiently, sweetly, with all of my mind
Am **C**
I sing only for you
G **E**
To the beat of my footsteps at night

Am **G**
So close your eyes
C **F**
And dream me home
Am **G** **C** **F**
Forever mine, I ll be forever yours
G **E** **Am** **C**
Always, evermore, and on and on
G **E** **Am** **C**
Always, evermore, and on and on
G **E** **Am** **C**
Always, evermore, and on and on
G **E** **F**
Always evermore
