(lyric)

(PARTE 1)

Hush now, don t you cry,
wipe away the teardrop from your eye?
You re lying safe in bed,
it was all a bad dream spinning in your head?
Your mind tricked you to feel the pain,
Of someone close to you leaving the game (of life).
So here it is, another chance, wide awake you face the day.
The dream is over, or has it just begun....?

(PARTE 2)

There s a place I like to hide,
a doorway that I run through in the night.
Relax child, you were there,
but only didn t realise that you were scared.
It s a place where you will learn
to face your fears, retrace the years,
and ride the whims of your mind.
Commanding in another world,
suddenly you hear and see this magic new dimension....

(REFRÃO)

I.....will be watching over you
I.....am gonna help to see you through
I.....will protect you in the night
I.....am smiling next to you, in silent lucidity....

(PARTE 3)

If you open your mind for me
, you won t rely on open eyes to see.
The walls you built within
come tumbling down and a new world will begin.
Living twice at once you learn,
you re safe from pain in the dream domain,

a soul set free to fly.
A round trip journey in your head,
master of illusion, can you realise your dream s alive
you can be the guide, but

(REFRÃO)

I.....will be watching over you
I.....am gonna help to see you through
I.....will protect you in the night
I.....am smiling next to you
