How he makes her feel

B

When he look her in the eyes and

F#

tell

G#m

her

I love you, yeah

D#m

He seems so for real

B

When he whispers and says

F#

Iâ€™ll never leave you,

G#m

no

And he speaks

D#m

them words to her heart

B

And make her feel like

F#

she on top

Of

G#m

the world, yeah, oh my

D#m

Then turn around

F#

and break her

B

heart

And make her feel like the whole

G#m

worldâ€™s on top of

D#m

her,

whoa

And now something other

B

made me talk about it

F#

When a man

G#m

lies, he pierces the very soul

C#

of that woman

Yes

F#

he does, yeah

Iâ€™m just telling the truth

When

G#m

a man lies, he kills every reason

She ever had

F#

for loving him, yeah

Mirror Iâ€™m talking to

G#m

you,

yeah

How he

D#m

promised her things

While

B

heâ€™s making sweet love

F#

to her mind

Selling big

G#m

dreams,

yeah

Thatâ€™s what he do, or he can paint

B

the

scene

With every

F#

word out of his mouth

G#m

Make her wanna believe, oh she believes

F#

That everything that he

B

says is true

Now all

F#

the

G#m

dreams she bought and the tales he told

Cinderella to the

F#

old pot of gold

Broke up for a heart

G#m

and stole the glory

And it let me here to

F#

tell the story

When a man lies,

G#m

he pierces the very

A#m

soul

D#m

of that woman

Yes he does, yeah

Iâ€™m just telling the truth

When

G#m

a man lies, he

D#m

kills every reason

She ever had

G#m

for loving him, yeah

Mirror

D#m

Iâ€™m talking to you,

E

yeah

Hey now donâ€™t ya all shoot the messenger, nah,

F#

nah

I was sent here to deliver, whoa

Yâ€™all

G#m

can go ahead

D#m

and call me a lawyer

Call

F#

meâ€™| to the day Iâ€™ll represent, the woman

G#m

Cause when a man

D#m

lies, he pierces the very soul of that woman

F#

Yes he does, hey

G#m

Iâ€™m just telling the truth

When a man lies, he kills

F#

every

reason

She ever had for loving him, yeah

G#m

Mirror Iâ€™m talking to

D#m

you,
