Ra - Rectifier

Standard Tuning - No capo

Very oversimplified, but perfect for beginners like myself. Enjoy

**Em** | **G** | **D** x 200 (Repeats through whole song)

**E**m                      **G**                      **D**

i m still afraid of ghosts that can see me  
they know my thoughts, they read my mind  
beside myself i judge my condition  
i close my eyes but can t go blind  
i m feeling all the heat, all the chaos  
it s gotten underneath my skin  
so far to go to reach absolution  
my sanity, my soul runs thin

**Em**                                 **G**  
why don t you care?

**Em**                                 **G**         **D**  
don t, don t you dare.

chorus

<b>Em</b>	<b>G</b>	<b>D</b>
rectifier, how s the world supposed to be?		

<b>Em</b>	<b>G</b>	<b>D</b>
recitifer, take my hand and rescue me/	take my hand and set me free	

<b>Em</b>	<b>G</b>	<b>D</b>
i fell in love	i made that	decision

on broken hearts i cut myself

despite the pain i maintain my position

and put good will up on the shelf

**Em**                      **G**                      **D**

but now i m stuck a chain with no linkage

a vagrant lover prisoner

suspicious goals distort good intentions

agressive action batterer
