**E**

It s the heat of the summer,

**C**

keeps dragging you back in,

**E**

**C**

the rest of us have all found homes.

**E**

**C**

It s the same streets that are causing you to sin,

**E**

**C**

the rest of us have up and gone.

**E**

**C**

And you re sulking around

**E**

**C**

the same familiar town,

**E**

**C**

the sweat and the bones that you re cracking,

**E**

begging you to stay,

**C**

you know it s not that way.

**G**

**G/F**

So let s start a band,

**E**

I ll bring the time,

you bring the hands.

**G**

**G/F**

**E**

I ll meet you tomorrow in another state.

**G**

**G/F**

But you re tied to the ground

**E**

and your teeth make this sound

**G**

**G/F**

**E**

of I m sorry but I have to stay.

**E**  
Doesn't make you a liar,  
**C**  
just makes you wrong.

**E**  
It doesn't make you a liar,  
**C**  
it just makes you wrong.

**E** **C**  
And you're choking on the same damn song,  
**E**  
yeah you're choking on  
**C**  
the same damn song.

**G** **G/F** **E**  
I can't believe that the same set of keys  
**G** **G/F** **E**  
doesn't bring you to your knees.

**G** **G/F** **E**  
Me at your back with the knife,

begging please,

**G** **G/F**  
you don't have to stay here,

**E**  
I beg you to leave.
