CAPO 1

VERSE:

**Em** **C**  
Tick tock and the clock won t stop  
**G** **D**  
You need more time but the curtain drops  
**Em** **C** **G** **D**  
Hanging by a thread end of a rope you find hope  
**Em** **C**  
You fall just short of the finish line  
**G** **D**  
Just like you ve done time after time  
**Em** **C** **G**  
All that s left to lift you is your faith  
**D**  
You find grace  
**Am** **C**  
Raise your eyes so you can see  
**Am** **C** **D**  
You re right where you re supposed to be

CHORUS:

**G** **D**  
It s dark so you can see the light  
**Em** **C**  
And it s hard so you can know it s right  
**G** **D** **Em** **C**  
And rain nothing ever grows without you

VERSE:

**Em** **C**  
I didn t think that the sun would rise  
**G** **D**  
I kept confusing all the truth with lies  
**Em** **C** **G** **D**  
Something told me that I just could not let go, now I know  
**Em** **C**  
And holding on is gonna see you through

**G** **D**  
So go don t let go no matter what you do  
**Am** **C**  
Love through the anger, love through the pain  
**G** **D**  
Love through the storm and love through the rain

CHORUS:

**G** **D**  
It s dark so you can see the light  
**Em** **C**  
And it s hard so you can know it s right  
**G** **D** **Em** **C**  
And rain nothing ever grows without you  
**G** **D**  
And hurt is just a chance to heal  
**Em** **C**  
And tears are just a call to feel  
**G** **D** **Em** **C**  
And pain beauty s just a word without you  
**G** **D** **Em** **C**  
Yeah, beauty s just a word without you

BRIDGE:

**G** **D**  
And the sun is breaking through the clouds  
**Em** **C**  
Can you feel it shining on you now  
**G** **D**  
You were lost and now you are found  
**Em** **C**  
And don t forget no don t forget

CHORUS:

**G** **D**  
It s dark so you can see the light  
**Em** **C**  
And it s hard so you can know it s right  
**G** **D** **Em** **C**  
And rain nothing ever grows without you  
**G** **D**  
And hurt is just a chance to heal  
**Em** **C**  
And tears are just a call to feel  
**G** **D** **Em** **C**  
And pain beauty s just a word without you  
**G** **D** **Em** **C**  
Oh pain beauty s just a word without you  
**G** **D** **Em** **C**  
Oh pain beauty s just a word without you
