You sat down next to me, like poetry to wine

I want you

Or no one
Eb **Bb**
No one else will do
D **Dbdim7** (could also be **Gdim7\Db**)
You, or no one
Gm
No one is the only one
Cm **D** **Gm**
To fill the empty space I hold for you

Cm | **Gm** | **Cm** | **Gm**

(Same Chords)

You simplified me down to slogans on the wall
I took offense, but you were right about them all
My friends are telling me I shouldn't waste my time
But I can't concentrate until I make you mine
I'm drawing cards and making wishes down by the well
Who would've known I'd lose myself in that old hotel

I want you
Or no one
No one else for me
You, or no one
Cause no one else is strong enough, strong enough
To slow me down in time to set me free

(Chorus again- Same Chords)

I want you
Or no one else
No one else is fine
Oh, you, or no one
No one is the only one
To fill me up until I make you mine

Gm | **Cm** | **Gm** | **Cm** | **Gm**
