

Worn Me Down

Rachael Yamagata

This is my first tab ever, I really hope it s not too bad. I think the entire actually just consists of the chords A E F#m and D, and here they are below the lyrics!

sorry the placement of the chords gets messed up in the preview. /: the chords are actually to be played slightly earlier in the line than the way they appear! sorry!!!

A **E**
Gone, she s gone
F#m **D**
How do you feel about it
A **E**
That s what I thought
F#m **D**
You re real torn up about it
A **E**
And I wish you the best
F#m **D**
But I could do without it
A **E** **F#m** **D**
And I will, because you ve worn me down
A **E** **F#m** **D**
Oh, I will, because you ve worn me down

A **E**
Worn me down like a road
F#m **D**
I did everything you told
A **E**
Worn me down to my knees
F#m **D**
I did everything to please
A **E** **F#m** **D**
But you can t stop thinking about her
A **E** **F#m** **D**
No, you can t stop thinking about her

A **E**
And you re wrong, you re wrong
F#m **D**
I m not overre-acting
A **E**
Some-thing is off
F#m **D**
Why don t we ever believe ourselves
