

**Mean Girls**  
**rachel crow**

You can also Transpose it Down 2 half steps and Capo 2 for easier chords :)

Do you

**B**  
ever go to lunch with no one by your side

Cause the moment you arrive they leave the table

Calling  
**C#**  
me everything but my name

Need  
**E**  
I remind you again just

**G#m**  
call me Rachel

How would you feel if you running home crying

**B**  
Lock yourself in your room,

**C#**  
donâ€™t want anyone to see ya

While everyoneâ€™s

**B**  
having fun outside, and youâ€™re telling yourself

I wonâ€™t

**G#m**  
let it get to

**E**

me no more

**B**

I donâ€™t wanna feel

**F#**

this way

**G#m**

I canâ€™t believe I

**E**

let it go so far

**B**

No no, itâ€™s

**F#**

not okay

**B**

What do you know about me?

**F#**

Do you wanna know what I think?

Mean girls,

**E**

mean girls

**B**

Iâ€™m a just comb you

**F#**

outta my curls

**E**

Mean girls, mean girls

**B**

You no longer run my world

**F#**

Mean girls, mean girls

**B**

Iâ€™m a just comb you outta my curls

How

**F#**

would you feel every time you go

**E**

to school

Someoneâ€™s looking at you weird calling you a loser

All these girls wearing bubble-gum pink

**C#**

Guess I didnâ€™t get the memo

Cause theyâ€™re laughing at my blue shirt

Well I hope you feeling good about you treating someone you know like a perfect stranger

Cause itâ€™s easier than standing by my side

**G#m**

I wonâ€™t let it get to

**B**

me no more

I

**F#**

donâ€™t wanna feel

**G#m**  
this way

**E**  
I can't believe I let

**B**  
it go so

**F#**  
far

No no, it's not okay

**B**  
What do you know about

**G#m7**  
me?

**F#**  
Do you wanna know what I think?

**B**  
Mean girls, mean girls

**F#** **E**  
I'm a just comb you outta my curls

**B**  
Mean girls, mean girls

**F#**  
You no longer run my world

Who do you think you are

**B**  
Loud mouth, cafeteria star

Maybe somebody was cruel to you

**G#m**  
So you think

**F#**

thatâ€™s what youâ€™re supposed

**B**

to do

One day, it might be you

When you

**F#**

need a friend,

**B**

but you no longer cool

When everyone leaves when you walk in the room

I just hope

**F#**

they forgive you

**G#m**

I wonâ€™t let

**E**

it get to me

**B**

no more

I donâ€™t

**F#**

wanna feel this

**G#m**

way

I canâ€™t

**E**

believe I let it go so far

No no, itâ€™s not okay

What

**B**  
do you know about

**F#**  
me?

Do you wanna know what I

**E**  
think?

Mean girls,

**B**  
mean girls

Iâ€™m a

**F#**  
just comb you outta my curls

**E**  
Mean girls, mean girls

**B**  
You no longer

**F#**  
run my world

Mean girls, mean girls

Iâ€™m

**E**

**A** just

**B**  
comb you outta my

**F#**  
curls

Mean girls,

**G#m**  
mean girls

You no longer run my world

**C#**
