Come away! Come away!

Just looking for a little light to illuminate  
The truth in the stillness after everything is blown away  
Life fades in the cuts and the struggles  
I just need a light at the end of the tunnel  
A little light to illuminate  
The truth in the stillness after everything is blown away  
Life fades in the cuts and the struggles  
I just need a light at the end of the tunnel

Hey now

From the wells of your eyes comes a deep frustration  
Sometimes it can seem so hard to try  
Everyday is a need for money you bleed  
You re lonely when there s someone beside you  
I know  
That in these arms you ll find...  
All of this will pass

Just looking for a little light to illuminate  
The truth in the stillness after everything is blown away  
Life fades in the cuts and the struggles  
I just need a light at the end of the tunnel  
A little light to illuminate  
The truth in the stillness after everything is blown away  
Life fades in the cuts and the struggles  
I just need a light at the end of the tunnel

**Am**

**Em**

**Am**

**G**

Cause everybody needs a harbor in the tempest

**Am**

**Em**

**Am**

A reason to believe you re more than what you have

**G**

Even more than what you had

**F**

Cause all of this will pass...

Looking for a little light to illuminate  
The truth in the stillness after everything is blown away  
Life fades in the cuts and the struggles  
I just need a light at the end of the tunnel  
A little light to illuminate  
The truth in the stillness after everything is blown away  
Life fades in the cuts and the struggles  
I just need a light at the end of the tunnel

A little light to illuminate  
The truth in the stillness after everything is blown away  
Life fades in the cuts and the struggles  
I just need a light at the end of the tunnel
