Looking for a little light to illuminate
The truth in the stillness after everything is blown away
Life fades in the cuts and the struggles
I just need a light at the end of the tunnel

Look up
Do the lines on your face cut a little bit deeper
I know you re not feeling very young

So tired
Stuck in the place and you don t wanna be here

Come away! Come away!

Just looking for a little light to illuminate
The truth in the stillness after everything is blown away
Life fades in the cuts and the struggles
I just need a light at the end of the tunnel
A little light to illuminate
The truth in the stillness after everything is blown away
Life fades in the cuts and the struggles
I just need a light at the end of the tunnel

Hey now

From the wells of your eyes comes a deep frustration
Sometimes it can seem so hard to try
Everyday is a need for money you bleed
You re lonely when there s someone beside you
I know
That in these arms you ll find...
All of this will pass

Just looking for a little light to illuminate
The truth in the stillness after everything is blown away
Life fades in the cuts and the struggles
I just need a light at the end of the tunnel
A little light to illuminate
The truth in the stillness after everything is blown away
Life fades in the cuts and the struggles
I just need a light at the end of the tunnel
