```
      [C]                [Am]      [E]      [F]  
You don t know me so you won t pay me anymore  
      [C]      [Am]                [E]      [F]  
and you won t hire me to come and clean your floor  
      [C]                [Am]                [E]      [F]  
but let me take you down to the lake so we can get paid  
      [C]      [Am]      [E]      [F]  
one more time around
```

```
      [C]                [Am]                [E]                [F]  
And your technology has a fate in it s life expectancy  
      [C]      [Am]                [E]      [F]  
And only one thing could release you from your misery  
      [C]      [Am]                [E]      [F]  
Fight the ways of the slow production on a field day  
      [C]      [Am]                [E]      [F]  
Fight the ways of a slow production day
```

[C] [Am] [E] [F] [C]

```
      [Am]      [E]      [F]      [C]      [Am]      [E]      [F]      [C]  
Until you re real I fall into your arms of hatred and harm  
      [Am]      [E]      [F]                [C]                [Am]      [E]  
] [F]
```

Until you re safe I fall into those places you ve been running from so far

[C] [Am] [E] [F]  
And you won t feed me angry pages anymore  
[C] [Am] [E] [F]  
The salted windows you will view me from no more  
[C] [Am] [E] [F]  
But let me turn you down so the rest of us could hear  
[C] [Am] [E] [F]  
one more time around

[C] [Am] [E] [F]  
[C] [Am] [E] [F]

[C] [Am] [E] [F]  
And your technology has a fate in it s life expectancy  
[C] [Am] [E] [F]  
And only one thing could release you from your misery  
[C] [Am] [E] [F]  
Fight the ways of the slow production on a field day  
[C] [Am] [E] [F]  
Fight the ways of a slow production day

[C] [Am] [E] [F]  
(Repeat on and on)
