

Along The Road  
Radical Face

**Bb** **Eb** **Bb**  
There, along the road, was a tiny home

**Gm** **F** **Eb**  
The yard held dead machines behind its fences

**Bb**  
Like they were it s kids

**Eb** **F**  
Broken down, but still worth a lot to someone

**Gm** **Eb**  
It made me stop and grin

**Bb** **Eb**  
Light from a dying moon

**Bb**  
It blurs our eyes

**Gm** **F**  
And we wear a cape of fireflies

**Eb** **Bb**  
And after the world s in bed

**Eb**  
All the ghosts come sing along

**F**  
But we ll forget them

**Gm** **Eb**  
When the morning comes

**Bb Eb Bb Gm F Eb Bb Eb F Gm Eb**

**Bb** **Eb** **Bb**  
And I slept on the ocean last night

**Gm** **F** **Eb**  
I could see you all, and you all were dancing sideways

**Bb**

Your feet stuck to the skies

**Eb**

**F**

And I could see the airplanes dance behind your eyes

**Gm**

**Eb**

And I was glad I found the time
