[Intro]

**Em C** (x4)

[Verse 1]

**Em** **C**  
I've got no need for open roads  
**Em** **C**  
Cause all I own fits on my back  
**Em** **C**  
I see the world from rusted trains  
**Em** **C**  
And always know I won't be back

[Pre-Chorus]

**Am** **Em**  
Cause all my life is wrapped up in today  
**G** **C**  
No past or future here  
**Am**  
If I find my name's no good  
**Em**  
I just fall out of line

[Chorus 1]

**C**  
But I miss you  
**G**  
But there's comin' home  
**D**  
There's no comin' home  
With a name like mine  
**Em** **C**  
I still think of you  
**G**  
But everyone knows  
**D**  
Yeah everyone knows

If you care, let it go

[Interlude]

**Em**

[Verse 2]

**Em** **C**  
I seen more places than I can name  
**Em** **C**  
And over time they all start to look the same  
**Em** **C**  
But it ain't that truth we chase  
**Em** **C**  
No, it's the promise of a better place  
**Am** **Em**  
But all this time, I been chasin' down a lie  
**G** **C**  
And I know it for what it is  
**Am**  
But it beats the alternatives  
**Em**  
So I'll take the lie

[Chorus 2]

**C**  
I still miss you  
**G**  
There's no goin' home  
**D**  
There's no goin' home  
  
With a name like mine  
**Em** **C**  
I still dream of you  
**G**  
But everyone knows  
**D**  
Yeah everyone knows  
  
If you can, let it go
