

**Paper Birds**  
**Radical Face**

I saw no tabs for this song anywhere, perhaps because the album was unreleased. These are just the chords I managed to put together, but I hope they help. If you have any improvements for it just email me or upload a better one (:

Capo on the first fret.

**\*\*VERSE 1 & 2\*\***

**C** **G** **F** **C**  
As Mother Nature sings Her requiem  
**F** **C** **G**  
The machines all gather around and sing along  
**C** **G** **F** **C**  
We hang from kites until the tide comes in  
**F** **C** **G**  
It ll be another week before we know what s wrong

**C** **G** **F** **C**  
We watch the trees turn into skeletons  
**F** **C** **G**  
As the leaves float to the ground and fill the cracks  
**C** **G** **F** **C**  
They ll try to show us the improvements then  
**F** **C** **G**  
But they know without a doubt that we won t come back

**\*\*CHORUS\*\***

**C** **F** **C**  
Drift to the moon, write out your name  
**G**  
There s something to remember  
**C** **F**  
The smile on your face  
**Cadd9** **G** **C**  
Is enough to make me crawl out of this place

**\*\*BRIDGE\*\***

**C** **F** **C** **F**  
So let s the chew the fat until the axis bends  
**C** **F** **G**  
Well, we ll climb inside the sun and write our wills  
**C** **F** **C** **F**  
We ll sell our secrets to the government  
**C** **F** **G**

So the world can eat them up until they've had their fill

**\*\*CHORUS\*\***

**C** **F** **C**  
Caught in the rain, soaked to the bone

**G**  
I'm nothing to remember

**C** **F**  
But the smile on your face

**Cadd9** **G**  
Is enough to make me crawl out of this place

**C** **G**  
Torn paper birds

**F** **C**  
Drop from the sky

**G** **F** **C**  
And carry my home away

**C** **G**  
The rooms and the walls

**F** **C**  
Climb out and fall

**G** **F** **C**  
I hope they'll be okay

**C** **F**  
When you're fearless

**C** **F** **D**  
It makes it hard to stay awake

**C** **F**  
When you're gutless

**C** **F** **D**  
It makes it hard to play the game

**C** **G**  
The cracks in my spine

**F** **C**  
The gleam in my eye

**G** **D** **F**  
The fork inside my lungs

**C** **G**  
They'll never change

**F** **C**  
And I'll do the same

**G** **D** **F**  
The war that's never won
