

Faithless, The Wonder Boy
Radiohead

D **G** **A** **D**
I ve had these jeans since I was born
G **A** **Bm D**
And now they re ripped and now they re torn
G **A** **Em** **G**
And all my friends have skateboards

I want the toys of other boys
I want a knife and a gun and things
But mom and dad will not give in

Bm **A**
And I can t put the needle in
G **D/F#**
Can t put the needle in
Em **G**
I can t put the needle in
Bm **A**
No I can t put the needle in
G **D/F#**
Can t put the needle in
Em **G**
Can t put the needle in

And now I know just what it is
It s called disease and it s got my head
It always runs where I hide

Too scared too talk, too scared to try
Too scared to know the reasons why
And all my friends say bye bye
