Killer Cars
Radiohead

Verso 1:
```
     G
    too hard on the brakes again
        GX
    what if these brakes just give in?
          C
    what if they don t get out of the way?
         D                              Dsus4   D
    what if there s someone overtaking?
         G
    i m going out for a little drive
        GX
    it could be last time I see you alive
          C
    there could be an idiot on the road
         D                        Dsus4 D
    the only kick in life is pumping his steel
```

Refrão:
```
    Aadd4                Bm
    wrap me up in the back of the trunk
                  C
    packed with foam and blind drunk
    Aadd4                       Bm
    they won t ever take me alive
                  C
    they all drive
```

Verso 2:
(Mesmos acordes do verso 1))
```
    don t die on the motorway
    the moon would freeze
    the plants would die
    i couldn t cope if you crashed today
    all the things i forgot to say
    i m going out for a little drive could be
    it could be the last time you see me alive
    what if the car loses control
    what if there s someone overtaking
```
