

Super Collider
Radiohead

If you haven't heard this check youtube for bootlegs. Tabbed from a video of Malahide 6/7/08, the second show they played it at. By the time it's released it will no doubt be but I'll try to remember to update it then.

I play the verses this way, sounds better and is more fun to play I think:

C	F
E ---0-----0-----0-----0-----1-----1-----1-----1-----	
B ---1-----1-----1-----1-----1-----1-----1-----1-----	
G ---0-----0-----0-----0-----2-----2h3---2-----2h3---	
D ---2-----2h3---2-----2h3---3-----3-----3-----3-----	
A ---3-----3-----3-----3-----0-----0-----0-----0-----
