Acoustic Chords

I really like this song, and I really wanted to make an acoustic chords tab of it, so here you go. It's quite a simple song, can get a bit boring, so I would only probably play a couple of the verses. If you have anything you want to add to it send me an email.

Chords

G (355433)

Cmaj7/G (335453)

Gadd4 (335433)

Cm/G (335543)

There's no use dwelling on

On what might have been

Just think of all the fun

You could be having

We know the way you talk

We know what you want

We know what you want

What you really want

Take a look around

The candles on the cake

On what might have been

The road you should have took
Mistakes mistaken
