I was a lonely man with an empty hand

G

And I wanted it filled with treasure

C

F7M/C

So I left my land and scrapped my plan

G

For a love that has no measure

C

F7M/C

And I d hear them say go this

Or that way

G

Followed maps that men had sold me

C

F7M/C

I did some time with the finest minds

G

But not one of them could have told me

C F7M/C

I was looking for you

G

Now I m standing on the

C F7M/C G

Doorstep of truth

C

Sat with all the schools

F7M/C

Followed all the rules

G

I said every affirmation

C

I sang all the chants

F7M/C

And drank all the plants

G

In the hopes of sweet salvation

C

F7M/C

But I won t be safe sitting in a cave

G

No way to make it on my own

C

There s a light so bright

F7M/C

And full of might

G

That it can't be held alone

C F7M/C

I'm gonna hold it with you

G

Now I'm standing at the

C F7M/C G

Doorstep of truth

C

More of this

F7M/C

More of this

G

Bless my life with more of this

C

More of this

F7M/C

More of this

G

Bless my life with more of this

C

More of this

More of this

Bless my life with more of this

C

More of this

F7M/C

More of this

G

Bless my life with more of this

C F7M/C

And you

G C F7M/C G

Standing at the doorstep of truth

C

Well I hope and prayed

F7M/C

Before my dying day

G

To let go of what's no use

C

F7M/C

So let my hairs turn gray and fall away

G

And with them the follies of youth

C F7M/C

Now I'm here with you

G C F7M/C

Standing at the doorstep of truth

**G** **C F7M/C**

I am here with you

**G** **C F7M/C**

Standing at the doorstep of truth
