Let's be honest  
We don't got a lot in common when it comes down to it

**Am7**  
You can take his breath away  
And light up every room when you walk through it  
**Fmaj7**  
But I don't want your six-foot legs and angel face and sophistication  
**Gadd11**  
Don't really want to cause a scene but girl you've got everything

[Chorus]

And I want your boyfriend  
**C**  
I'm not gonna lie  
**Am7 Gadd11**  
I'll be his girl when he tells you goodbye

[Verse]

**C**  
That he and I go back so far  
Oh my gosh we lived in his first truck

Think we were on our way to Lubbock

And I know you think he loves you now  
Seen so many girls come in and out
