

You Gotta Sing
Raffi

Playing Raffi brings me joy, even when there aren't kids around. I got these chords

from watching a video on youtube of him performing
(<http://www.youtube.com/watch?v=8U3UDl0bUHA>)

Each verse goes like this:

Dm	A	Dm
You gotta sing when the spirit says sing		
Dm	A	
You gotta sing when the spirit says sing		
Dm		Gm7
When the spirit says sing, you gotta sing right along		
Dm	A	Dm
Sing when the spirit says sing		

Then repeat for each verse:

You gotta clap...
You gotta hum...
You gotta snap...
You gotta swim...
You gotta stomp...
You gotta hush...
You gotta sing...

The ending goes like this:

Dm	A	Dm
You gotta sing when the spirit says sing		
Gm7	A	Dm
You gotta sing when the spirit says sing		
Gm7	A	Dm
You gotta sing when the spirit says sing		
Dm	A	Dm
And you gotta stop when the spirit says stop		

For the two outro chords, play the top 3 strings (GBE) at the 9th and then 10th frets.

Note: the Gm7 is played as 353333

Enjoy!
