

Guilty

RagnBone Man

[Intro] **F#m**

F#m

Seven in the morning and I m lying in my bed
A million ways to hurt you
Running round and round my head

Bm

I won t feel guilty for that
I won t feel guilty for that

F#m

No no no

F#m

Everything about you that was good
Is now erased
Only remnants of you
Is that awful bitter taste

Bm

I won t feel guilty for that
I won t feel guilty for that

F#m

No no no

F#m

Give me one good reason
Why I should not be thinking

Bm

Of leaving you now

F#m

Maybe I m just foolish

Bm

But I can finally see your true color now

F#m

You re blacker than black
You re colder than ice

Bm

And I don t know who you are

F#m

You re blacker than black
You re colder than ice

Bm

And I don t know who you are

F#m

I don t need to try

F#m
