E D A E
I see blood around the cafe
E D A E
I start to remember from when
E D A E
This is the house where thoughts were born
E D A E
The bad ones ruin the streets.

E D A E
Cold and alone in the dark
E D A E
They found theyâ€™re way to the ones
E D A E
They knew would be theyâ€™re enemies
E D A E
They found theyâ€™re way up high.

Chorus:
A D E F#
These things bring me down down down
C# B A
These things keep me down. 2X

E D A E
When the lights flash they are in
E D A E
Thereâ€™s something more than you think
E D A E
Thoughts get messed up with feelings
E D A E
A bigger thing you canâ€™t deny
E D A E
A bigger thing you canâ€™t deny

E **D** **A** **E**
When you walk across they read your mind
E **D** **A** **E**
Trying to see where you will find
E **D** **A** **E**
Reaching the dept of your low
E **D** **A** **E**
Aiming where you wouldnâ€™t go.

Chrous: **A D E F# C# B**
2X

Bridge:

C **G**
These cover up live
D **A**
even if you donâ€™t want to try and hide
C **G**
The second that you leave
D **A**
Will be the day your name will die. 3X
